Explanation: Funds procurement of various electronic countermeasures (ECM) equipment and devices to protect mounted patrols and convoys in Iraq from remote-controlled Improvised Explosive Devices (IEDs). The funding requested ensures ECM production to meet urgent theater requirements. Failure to fund ECM exposes convoys and mounted patrols to increased risk from IEDs as they perform their missions. This action satisfies the required new start notification. Devices to be procured include Warlock Reds and Greens, IED Countermeasure Equipment (ICD), and Channel Ironwood.

Research, Development, Test, and Evaluation, Army, 05/06 **+15,000**
